CONTENTS

Services Overview

01 **Web Development**
Frontend & Backend

02 **Mobile App Development**
iOS & Android

03 **IT Consulting**
Strategy & Advisory

04 **Cloud & DevOps**
Infrastructure & Automation

05 **UI/UX Design**
Research & Prototyping

06 **Cybersecurity**
Audit & Compliance

07 **AI & Automation**
Intelligence & Efficiency

08 **IT Support & Maintenance**
Ongoing Reliability

09 **Training & Education**
Programming · Tech · AI

10 **Research & Development**
Innovation & Research

Comprehensive Solutions

Transparent pricing — all figures are indicative and subject to scope confirmation.

01

FRONTEND & BACKEND

Web Development

We design and build modern, responsive websites and web applications tailored to your brand — from landing pages to complex e-commerce platforms and SaaS products.

KEY DELIVERABLES

- > Custom website design & development (React, Next.js, Vue.js)
- > Web application development (SPAs, PWAs)
- > Databases (MySQL, SQL Server, Oracle, PostgreSQL)
- > Bilingual websites (Arabic/English, full RTL support)
- > E-commerce platforms (Shopify, WooCommerce, custom builds)
- > API & backend dev (Python Flask, Node.js, C#, Java)
- > Performance optimisation & SEO

STARTING PRICE

EUR 2,000

TYPICAL TIMELINE

2 – 12 weeks

02

IOS & ANDROID

Mobile App Development

Cross-platform and native mobile applications for iOS and Android. Intuitive, high-performance apps that engage users and drive results.

KEY DELIVERABLES

- > iOS & Android development (React Native, Flutter)
- > Backend API integration
- > Push notifications & in-app messaging
- > UI/UX design for mobile
- > App Store & Google Play submission
- > Ongoing maintenance and updates

STARTING PRICE

EUR 5,000

TYPICAL TIMELINE

6 – 20 weeks

03

STRATEGY & ADVISORY

IT Consulting

Strategic technology advisory to help organisations make informed decisions. We assess your infrastructure, identify gaps, and define a clear technology roadmap.

KEY DELIVERABLES

- > IT infrastructure assessment & audit
- > Technology stack selection & architecture
- > Cybersecurity assessment & recommendations
- > Digital transformation strategy
- > Cloud migration planning (AWS, Azure, GCP)
- > ERP / CRM selection & implementation guidance

STARTING PRICE

EUR 1,500 / engagement

TYPICAL TIMELINE

1 – 4 weeks

04

INFRASTRUCTURE & AUTOMATION

Cloud & DevOps

Modern cloud infrastructure and DevOps practices to increase reliability, reduce deployment friction, and scale your systems efficiently.

KEY DELIVERABLES

- > Cloud infrastructure setup (AWS / Azure / GCP)
- > CI/CD pipeline design (GitHub Actions, GitLab CI)
- > Monitoring, alerting & observability
- > Docker & Kubernetes deployment
- > Infrastructure as Code (Terraform)
- > Cost optimisation & performance tuning

STARTING PRICE

EUR 1,800

TYPICAL TIMELINE

1 – 6 weeks

05

RESEARCH & PROTOTYPING

UI/UX Design

User-centred design that creates intuitive, visually compelling interfaces. From initial concept to pixel-perfect prototypes that convert and retain users.

KEY DELIVERABLES

- > User research & persona development
- > High-fidelity prototypes (Figma)
- > Usability testing
- > Information architecture & wireframing
- > Design system & component library
- > RTL design for Arabic-language interfaces

STARTING PRICE

EUR 1,200

TYPICAL TIMELINE

1 – 6 weeks

06

AUDIT & COMPLIANCE

Cybersecurity

Protect your digital assets with comprehensive security services. We assess vulnerabilities, implement controls, and establish processes to keep your business secure and compliant.

KEY DELIVERABLES

- > Penetration testing (web, API, infrastructure)
- > OWASP Top 10 review
- > RGPD / CNIL compliance assessment
- > Vulnerability assessment & remediation roadmap
- > Security policy & procedure development
- > Security awareness training for staff

STARTING PRICE

EUR 2,000

TYPICAL TIMELINE

1 – 3 weeks

07

INTELLIGENCE & EFFICIENCY

AI & Automation

Leverage artificial intelligence and process automation to reduce manual workload, extract insights from data, and build intelligent features into your products.

KEY DELIVERABLES

- > AI chatbot development (Claude API, OpenAI GPT)
- > Predictive analytics & machine learning models
- > Data pipeline design & ETL development
- > Document processing & OCR automation
- > Business process automation (RPA)
- > AI integration into existing systems

STARTING PRICE

EUR 3,500

TYPICAL TIMELINE

4 – 16 weeks

IT Support & Maintenance

Reliable ongoing support to keep your systems running smoothly. From helpdesk to proactive monitoring — your extended IT team.

KEY DELIVERABLES

- > Monthly maintenance packages (Bronze / Silver / Gold)
- > Software updates & security patching
- > Database backup & disaster recovery
- > Helpdesk support (email, phone, remote)
- > Server monitoring & performance management
- > SLA-based response times

STARTING PRICE

EUR 400 / month

TYPICAL TIMELINE

Flexible contracts

Training & Education

Practical, hands-on training programmes in programming, modern technologies, and artificial intelligence. Expert-led courses tailored to your team's level and business objectives.

KEY DELIVERABLES

- > Programming fundamentals (Python, JavaScript, SQL)
- > Cloud & DevOps workshops (Docker, CI/CD, Terraform)
- > Prompt engineering & AI tools for business
- > Web & mobile development bootcamps
- > AI & Machine Learning courses
- > Custom in-house training (on-site or remote)

STARTING PRICE

EUR 500 / person-day

TYPICAL TIMELINE

1 – 5 days per session

Research & Development (R&D)

Supporting your technology innovation projects from the exploratory phase through to prototype validation. We conduct applied research, design proof-of-concept solutions, and transform your ideas into viable products.

KEY DELIVERABLES

- > Technical feasibility studies & technology watch
- > Applied research in AI, ML and data processing
- > Evaluation and integration of emerging technologies
- > Rapid prototyping and proof of concept (PoC)
- > MVP (Minimum Viable Product) development
- > Technical deliverables and research reports

STARTING PRICE

On request

TYPICAL TIMELINE

4 – 24 weeks
